FUTURE INNOVATORS**

The mission of the Education Foundation of the Kennebunks and Arundel is to work with the schools of RSU 21 to inspire and ignite young minds by funding creative and innovative programs for students and professional development for teachers and other staff.

The EFKA accomplishes its mission through grant-making and other initiatives that celebrate learning. Grants for student programs aim to increase students' ability to succeed in the 21st century economy by supporting hands-on learning and cutting-edge ideas.

**Committed to
Community.**

"So many people in the community who have done so much in their lifetime and those people have contributed so much, and I see the Ed. Foundation as providing a vehicle for those people to give back and to encourage young people to pursue careers that they might not have even thought of."
